Closing the Global Workforce Gap with One Million Free Exams and Courses.

Jumpstart Your Career in Cybersecurity

How to Sign Up

Follow these simple steps to get your free Certified in Cybersecurity certification training and exam:

1. Complete your ISC2 Candidate [application form](#) and select Certified in Cybersecurity as your certification of interest. If you don't already have an ISC2 account, you'll need to create one.
2. Once the application is complete, you'll become an ISC2 Candidate. You'll gain free access to Official ISC2 Certified in Cybersecurity Online Self-Paced Training and have the ability to register for one free CC certification exam. Go to the [Candidate Benefits](#) page for details.
3. Upon passing the exam, completion of the application and payment of your U.S. \$50 AMF, you'll become a certified member of ISC2 – the world's largest association of certified cybersecurity professionals – with access to a broad range of professional development [resources](#) to help you throughout your career.

[Sign Up Today](#)

Please note: Upon passing the exam and becoming a certified member, your **U.S.\$50 Annual Maintenance Fee (AMF)** will be due.

CC is for job-ready candidates entering the workforce or looking for a transition:

- » IT professional
- » Career changer
- » College student or recent graduate
