Profile 7: Medium-sized Environmental NGO

Sector: Environmental
Size: Medium NPO
Functions: Govern, Protect

Security Profile

- **Govern (High Maturity):** The NGO has a robust governance framework in place, with clear policies and regular audits. They have a dedicated cybersecurity governance committee that oversees policy enforcement and compliance.
- **Protect (Low Maturity):** Basic protections are in place, but there is a lack of awareness and training among employees. Security policies are outdated and not enforced consistently across the organization.
