07 **Influence**

Checklists: preparing to negotiate

01 Who are the parties involved?

02 What do you want to achieve from this negotiation?

03 What's the value of your goal in this negotiation?

04 Are there alternative outcom es that would be satisfactory to you?

05 What is the rationale behind your current position?

06 What are you prepared to give away in order to reach agreement?

07 Are there compromises you are prepared to make?

08 What is the value of your current relationship with the other party/parties?

09 What are the consequences if the negotiation is unsuccessful?

During negotiations

Insert the title of your subtitle Here

01 What is/are the other party's/parties perspective on the issue?

02 What is their rationale for that position?

03 What am I being asked to give up in this negotiation?

04 Why am I spending time on this negotiation?

05 How do I feel about the proposed solution?

06 Is this negotiation currently building good relations or causing harm?

07 If there is potential for harm what are the implications – short-term? And longer-term?
